A fascinating tour of the marine species found on the Magellan-Elcano expedition on their first trip around the world.

Plaza de España Guided Visit

The Plaza de España, an incredible example of regionalist architecture, is the emblem of the 1929 Ibero-American Exhibition and the backdrop of countless films.

Santa Cruz Neighbourhood Walking Tour

A tour of the winding streets and beautiful squares of Seville's Old Jewish Quarter, the city's most popular neighbourhood.

Entry to El Salvador Church

The city's second largest church after the Cathedral has a rich history and is home to countless works of art.

Entry to the Hospital de la Caridad

One of the greatest examples of the impressive baroque art in Seville.

Pabellón de la Navegación

A tribute to Seville's seafaring tradition found at the former site of the 1992 Universal Exhibition.

Entry to the Church of Santa Ana

The restored church that is dubbed the "Catherdal of the Triana district", which brings together art, tradition and devotion.

Nao Victoria

Full-scale replica of the ship that completed the First Circumnavigation of the Globe between 1519 and 1522.

How it Works and Validity

Attendees will be able to enjoy the city's most important tours and emblematic attractions simply by presenting a personalised QR code provided by City Sightseeing to a tour guide or at the entrance of a local attraction.

These codes will be valid from the 18-20 October to allow congress participants and their companions to enjoy all these wonderful experiences.

To access the Cathedral and the Alcázar, it is compulsory to book your ticket 48 hours in advance, due to the high number of visitors by calling +34 673 289 848 or emailing info@city-sightseeing.es.
